

Hidalgo Lodge 2019 Fall Newsletter.

Announcing the Fall Hunting and Fishing Season in El Fuerte. Below are the opening dates.

Dove hunting October 25th thru March 22nd 2020

Largemouth bass fishing season October 1st thru May 31st 2020

Howdy Hunters! Are you ready for our new season 2019-2020? For those of you that haven't make a reservation, now is the time to do it!

Raining season is here at the El Fuerte valley and we are increasing our fields and hunting grounds. We are planting corn, milo, sesame and peanuts to provide our hunters with the best concentrations of big fat and slow flying white wings doves, and blue rock pigeons.

Our private fields are conveniently located at a short driving distances from our lodge. We have professional guides to place you in an ideal location, so you can have an exciting shooting experience with plenty of shooting opportunities.

Largemouth bass fishing in lake Hidalgo is getting better every year with plenty action. As every year we are using topwater baits, mid water divers and lures along with plastic worms. Lots of fun and laughs!

We all at Hidalgo Lodge are dedicated to bring our guests first class services. You will feel "at home" and part of our family. Delicious meals are served daily; breakfast, lunch, dinner, snacks, our famous paloma bandido, hors d'oeuvres, margaritas and a variety of beverages to choose from.

Airlines information

For our clients near the Tijuana border we recommend using the CBX, Cross Border Express. This lets you walk directly into the Tijuana International Airport and right to your departure gate, very convenient and easy to use. CBX Web Page: www.crossborderexpress.com

For airlines we recommend using Volaris. They have daily and direct flights Departing from Tijuana at 10:40 A.M. and Arriving at Los Mochis International Airport at 1:20 P.M. For more information visit their web page: www.volaris.com

For hunters traveling in private aircraft, can land at the El Fuerte municipal airport with new repaved runway (4700' X 75' 147' MSL) and its only five minutes away from Hidalgo Lodge. Get with your hunting buddies and pick up your dates early as the season is very short.
